

No more tossing worn-out batteries in the trash!

Per State Law effective February 8, 2006 Universal Waste Items cannot be disposed of in your trash nor recycling cart. They must be taken to the South Bay Household Hazardous Waste Collection Facility.

Universal Waste includes but is not limited to items that contain mercury and heavy metals and are common household items such as:

- Common batteries; fluorescent light tubes, compact bulbs or other mercury-containing lamps, thermostats, electric switches and relays
- Electronic devices such as televisions, computers, cell phone, telephones, radios, and microwave ovens
- Novelty items such as greeting cards that play music when opened, maze games
- Aerosol cans that are not empty or labeled toxic or flammable
